

Radon Action Partnership Awards

Radon Action Partnership Award recipients have been announced. The winners were selected for their outstanding community outreach efforts as evidenced during National Radon Action Month 2011, as well as throughout the year. The following health departments, municipalities, and organizations were selected as award recipients:

Atlantic County Healthy Living Coalition
Bergen County Department of Health Services
Borough of North Plainfield
Jefferson Township Health Department
Ocean County Department of Solid Waste Management
Passaic County Department of Health
Township of Galloway
Township of Livingston Department of Health, Welfare, and Human Services

Recipients were recognized as true “Radon Leaders Saving Lives”. Their efforts were instrumental to our mission of promoting radon awareness about the health hazards associated with exposure to elevated levels of radon and to encourage radon testing throughout the State.

Their enthusiasm, leadership and innovation were evident in the numerous activities and events that were conducted. These included public service announcements, website postings, presentations, radon test kit distribution, press releases, exhibits at housing, environmental, and health fairs, proclamations and displays, as well as numerous other outreach activities. Their hard work and dedication contributed to the performance of over 39,511 radon tests and the mitigation of 2,734 homes in New Jersey from July 1, 2010 to June 30, 2011.
